FLEET READY FOR SEA

Ships of Channel Squadron Fill Bunkers With Coal.

CAN START AT ONCE

RUSSIAN OFFICERS ALLEGE THEY SAW TORPEDO BOATS IN NORTH SEA WHEN THEY MADE ATTACK.

GIBRALTAR, Oct. 26.—The ships of the Channel fleet have filled their bunkers with coal and replenished their ammunition and other stores and will be ready for sea at a moment's notice. The battleship Hannibal and the cruiser Doris are watching the straits closely. There is great activity at the dockyards where men are working night and day. The admiralty is making inquiries concerning coal available here.

GIBRALTAR, Oct. 26.—The battleships Victorious, Illustrious and Majestic and the cruisers Lancaster, Theseus and Endymion are under orders to sail on the morning of October 28. It is reported that the purpose is to intercept the Russian Baltic squadron which is expected to go by way of the Cape of Good Hope.

The Russian Baltic squadron cruisers and torpedo boats are expected to pass through the straits of Gibraltar on the way to Suez. The whole of the Gibraltar fleet has been commissioned.

ADMIRAL IS APOLOGETIC

RUSSIAN COMMANDER SAYS HE SAW [illegible] TORPEDO BOATS AND THOUGHT THEY WERE ENEMY—REGRETS CASUALTIES.

PARIS, Oct. 26.—The Associated Press has succeeded in obtaining an interview with Admiral Rojestvensky, who expressed great regret over the North sea incident. The admiral stated that the unfortunate occurrence was purely accidental. About 1 a. m. [illegible] torpedo boats which the Russians supposed were Japanese craft suddenly appeared between the two divisions of the squadron and seemed to discharge torpedoes. The Russians immediately opened fire. They saw no fishermen and were not aware that any damages were done. The admiral repeated that he greatly regretted that any injury had been done to the fishermen, and added that he had no doubt the Russian government would make ample compensation.

SAW TORPEDO BOATS

[illegible] Claim They Were Expecting an Attack From Japanese in North Sea.

MADRID, Oct. 26.—A telegram from Vigo to the Correspondencia says:

Officers of the Russian squadron give the following explanation of the North sea incident:

While steaming by night they saw two torpedo boats within the lines of the squadron. Supposing a Japanese attack was imminent they opened fire. They say they did not see any sailors leaving the fishermen aboard the two boats fired at. The officers say they do not know if any members of the crew were wounded. They express regret for the occurrence.

INSISTED ON COALING

RUSSIAN ADMIRAL [illegible] SAYS THAT HE [illegible] HAVE BOUGHT TO CARRY HIM FROM SPAIN TO TANGIER.

VIGO, Oct. 26.—The [illegible] of the Russian [illegible] Oriel and Kamchatka, and the [illegible] which [illegible] to this port, have [illegible] coaling.

It is learned that three other Japanese warships have anchored in Ocean Bay. The government has refused them permission to coal in Spanish waters.

GOVERNMENT EMBARRASSED

BUCHANAN REPORT HAVING NO REPORT OF THE NORTH SEA AFFAIR FROM THIS SIDE

ST. PETERSBURG, Oct. 27.—It is ...an official of the Admiralty stated to the Associated Press at 1:30 o'clock this morning that no word has yet been received from Vice Admiral Rojestvensky. The official continued:

"The delay in getting the Russian version of the North sea affair is giving us considerable embarrassment to this government. It is felt that in the interest of British public opinion the immediate absence of the official report is becoming a most serious factor and rendering still more difficult an already delicate situation."

While the great bulk of the Russian government is so silent as to the affair, it is generally known that Admiral Rojestvensky reached Vigo at the morning after, and remained on Wednesday that, while no time limit for a sojourn of that kind was laid down there, King Alfonso's government is anxious to a point to speak reasonable after. It is certainly here that each day's delay will increase the danger of the people of both countries more excitable. The hope is expressed at the admiralty ... can the report may be received today.

CHURCH WEDDING.

One of the prettiest weddings of the season occurred yesterday morning at St. Mary's Catholic church when Miss Jennie Eastwood and Mr. Dan Byrnes were united in marriage.

The ceremony was performed by the Rev. Father Bender in the presence of a large circle of friends. The church was appropriately decorated with flowers, palms and evergreens and the altar especially presented an attractive appearance. Mr. John Byrnes, brother of groom, was best man and Miss Boyle was bridesmaid.

The choir rendered a number of classical selections and after the bridal party returned to the home of the bride's parents, 22 North Eighth street, where a sumptuous wedding breakfast was served.

The parlors and dining room were profusely decorated with flowers. Immediately over the table caught in a graceful loop from the ceiling, were clusters of white ribbons and in the center of the table a huge bouquet of orange chrysanthemums. Only a few of the most intimate friends were invited. The young couple were the recipients of many costly and beautiful presents. They left last night for the World's fair and an extended trip through Illinois and Indiana and will return in about six weeks.

The bride is the pretty and accomplished daughter of Mr. and Mrs. John Eastwood. The groom has been engaged in fancy stone carving on General Palmer's new residence, and both are very popular in Colorado City. They carry with them the best wishes of their many friends.

Mrs. Snider, who has been visiting her son, W. J. Snider, at 1611 Jefferson avenue, left for her home in Meeker, Neb., last evening.

SEPARATED BY TRAGEDY

Brother Searching for Long Lost Sister.

SHE SUPPOSED HIM DEAD

SEVEN YEARS AGO GRACE MOORE DISAPPEARED FROM HER ARKANSAS HOME, AND HAS NOT BEEN HEARD OF.

Where is Miss Grace Moore?

Her brother, Joe Moore, whose present address is 532 East Costilla street, would like to know.

He has come to Colorado Springs in search of her and tells a story that is almost too strange to be true.

It is the story of family ties broken, first by death, and then by a tragedy, a young girl left motherless, fatherless and supposedly brotherless and now in the world of her disappearance from the Arkansas home where she had lived all her life, and her coming to Colorado, there to drop out of sight, as though the earth had swallowed her, so far as her brother puts it.

Stranger Than Fiction.

Seven years ago Dr. W. E. Moore died, leaving a widow and two young children, Grace and Joe, then living happily in Hillsdale, Arkansas. With the coming to this their lives entered the memory of their mother who had died a few years before.

Although that memory seems to be enough sadness to cast upon the lives of two children, fate willed it otherwise and their father was attacked by disease and died in the latter part of 1897, leaving brother and sister with another father now another cry with little of this world's goods.

The Fatal Wreck.

Soon after the father's death the son was away from home on a visit while his sister was in Hillsdale, anxiously awaiting her brother's return. One day there came the news of a railroad wreck near Hillsdale and among the list of killed appeared the name of Joe Moore.

The girl left Hillsdale on the first train for the scene of the wreck and from that day to this her whereabouts are a mystery as all who knew her. It is presumed that she went to the wreck, buried the mangled body of a person who bore the name of Joe Moore, and whom she thought was her brother, and then went west in search of employment.

But the brother was not dead, was not even on the wrecked train and, when he returned to his Hillsdale home, he was surprised beyond measure at the news and of his sister's disappearance.

Brother Begins Search.

Undaunted by the rapid calamities that had crowded themselves into his young life, Joe Moore began a systematic search for his lost sister. First he wandered over his own state, then to other bordering states and last week he came to Colorado Springs to try and find some trace of his sister, who had often expressed a wish to come to this city.

So far he has been unsuccessful and last night the young man went to Cripple Creek on search of Mrs. Albert W. H. Camp, of 522 E. Costilla street, a cousin of Mr. Moore and another who might know the whereabouts of the lost girl and communicate with her.

PERILS OF LAND AND SEA.

Captain Wilbur's Remarkable Escape Shows What to do in Time of Trouble.

For many years Captain Wilbur, says the Times of Gloucester, Mass., was one of the best known seamen in the Gloucester fleet. Catarrhal troubles with which he suffered for fifteen years made him dread the night's rest, being unable to lie down and sleep on account of the constant catarrhal dropping.

Captain Wilbur went to two different hospitals for treatment, but could get no lasting benefit. He constantly raised yellow and green phlegm and his trouble became so unbearable and nauseating that he was ashamed to go out in company. When despairing of ever getting relief, his wife, purchased a Hyomei outfit for him, and trying it before going to bed, he enjoyed the first whole night's sleep for ten years. Captain Wilbur says he has used less than two bottles of Hyomei and have been cured by the remedy.

Hyomei kills the germs of catarrh and makes healthy and permanent cures. Hedley-Apothecaries Drug Co. sells Hyomei under their personal guarantee to refund the money if it does not give quick relief.

RAILROAD PARTY SPENT DAY HERE

OFFICIALS OF THE SOUTHERN COMPANY FROM LOUISVILLE, KY., SPENDING IN PIKE'S PEAK REGION.

A party of prominent railroad officials, headed by Lee McClung, freight traffic manager of the Southern Railway company, with headquarters at Louisville, Ky., spent yesterday in this city.

The party, traveling in a handsomely furnished private car of the Southern Railway company, arrived in Colorado Springs shortly before noon and registered at the Antlers from Louisville.

They made a trip to Pike's Peak during the afternoon, returning in time to take dinner at the Antlers at 7 o'clock. Mr. McClung said that he enjoyed the trip very much and wished that he might stay a week more that he might see the many attractions to be found in this vicinity.

The party left for Denver last evening.

WILL DEBATE LABOR ISSUE

Subject Submitted for Inter-Collegiate Contest.

COLORADO AGAINST UTAH

CLOSED SHOP QUESTION SELECTED BY SALT LAKE SCHOOL—LOCAL COLLEGE WILL HAVE CHOICE OF SIDES.

Resolved, That the closed shop system is a benefit to American laboring men. is the question that will be debated between Colorado college and the University of Utah this year.

[illegible] by [illegible] Professor [illegible] of the Columbia university. It will be discussed by the local colleges. The contesting college has the choice of sides, but not to decide until ten days before the preliminary contest on November 18. At that time the team of three debaters will be chosen from all the participants, to defend the negative and blank against them.

Any student of the college is eligible to enter the preliminary contest, and it is expected that there will be a spirited contest for places on the team, despite the comparatively short time for preparation. The contest will be held in Perkins' hall at 8 o'clock.

In the definition of closed shop, it is understood that the union shop shall employ only union men and the nonunion shop only nonunion men.

The final contest, between the two colleges will be held at Colorado college some time next April. Utah won the debate last year, and the local college will double preparations to win out this year.

CHARGED WITH STEALING HORSE

NICHOLAS TERWILLIGER UNDER ARREST ON WARRANT SWORN OUT BY JUDGE SHEWALTER LAST NIGHT.

Nicholas Terwilliger was locked up in the city jail last night on a warrant issued by Justice Thomas McClelland, charging him with grand larceny. He will be turned over to the constable this morning.

Terwilliger is accused of stealing a horse from Judge Shewalter of this city. Judge Shewalter swore out the warrant and picked up Terwilliger himself and turned him over to the police for safe keeping until morning.

Terwilliger is the man who was shot in an encounter with a neighbor at Green Mountain Falls some time ago.

A NEW HOTEL AT MANITOU

Planning to Build Modern Hostelry

ON NORRIS HOUSE SITE

STRUCTURE RECENTLY BURNED DOWN TO BE REPLACED BY A COSTLY BUILDING OF BRICK AND STONE.

There is no visible let-up to the improvements now going on or proposed in the town of Manitou.

The latest step in the line of the town's progress will be taken today when work on clearing away the ruins of the Norris house, which was burned to the ground a few weeks ago, will be commenced.

In place of the former hotel, which was of frame work and lacked many of the conveniences now found in resort hostelries, a large new hotel with approximately 100 rooms and costing a small fortune, will be erected.

The building material will be of red and white stone and brick. The hotel will be conducted in a thoroughly modern manner, Mr. J. A. Wray, who owned the Norris house and who has property in the Cripple Creek district, will erect the new hotel on the site formerly occupied by the Norris house.

The building is to be erected as rapidly as good workmanship will allow, and the new hostelry will add greatly to Manitou's attractiveness.

WHY REPUBLICAN OUTCASTS?

If a Democrat or a Democratic thing to have to offer why the Democrats make no public record principals of pu[blic] recognized [illegible] of—Gunnison Republican.

JUST ABOUT RIGHT.

the polls with a contemptuous outside their party the citizen is entitled to make his choice from the Republican candidates on their ticket, to vote the most truthful assertion of the campaign.—Gunnison Republican.

WHY NOT INVITE CAPITAL AND PROSPERITY?

The population of Colorado is a business proposition. A man for Pueblo is an investment to capital to come to the state and develop it and then goes upwards. A vote for Adams is an invitation to Moyer, Haywood and the like to repeat the exploits of the anarchists that kept the mining industry of Colorado on a hot griddle for ten years, the climax of which was the Telluride outrages and the lawless and disgraceful proceedings at Cripple Creek.—Lake City Times.

THAT CALAMITY CAG.

Reduced wages and hard times have ever been the campaign material of the Democratic party. Calamity is their only stock and standby. They are so used to shouting for calamity and hard times that they could not live in a sober atmosphere. The Republican party has never been in partnership with soup houses and Coxey's armies and so long as it remains in power every man, woman and child in this great land is sure of toiling, and a good one. —Lake City Times.

THE SAME OLD GAME.

Alva Adams told the women of a Denver club the other evening that he had made to deal with Moyer and Haywood or the Western Federation. He was surprised and grieved that anybody should have even suggested that he would do such a thing.

It is the same old game the family has been working [illegible] three years. Alva [illegible] the women on Capitol hill; Frank bullies the women on Market street. Billy does the scheming. If Alva only knew what Billy brings, and what Frank does, he might be grieved, but he never does know. If the "boys" get a little frisky sometimes and do things for him that he would never, never do himself, he never finds it out. He simply takes the credit in his innocent way and puts a new question into his talks on purity in politics.

The dear people have been worked several times by this artless "shell game," but why isn't he fooled all the time.—Summit County Journal.

Pointed Placentries

THE AMERICAN WAY.

The earl of Dartmouth, who recently arrived from England, entered the smoking room of his hotel one morning and, taking up the paper, commenced to read it. The waiter took his order for breakfast, asking as he did so, "Will you have some eggs, my lord?" The earl failed to understand the question, according to the American meaning of the words, and replied: "Oh, no, no. You can serve it right here."—New York Times.

THAT TROUBLESOME P. R.

"A southern friend of mine," said Senator Hoar the other day, "who has just arrived in New York has had a lot of trouble finding a boarding house. He wandered around from street to street, and every house he saw the street cleaning department's 'For Sale' sign hanging.

"Wonderful lot of riparian residences you have here, he said to me. 'Haven't you any boarding houses at all?'

"He seemed to feel quite hurt when I explained to him gently that the signs were a notice to Mayor Woodbury to call for paper and rags."—New York Times.

NO DEAD BEATS.

"Live beets!" echoed the grocerman.

"Yes," she replied. "My husband says he has no use for dead ones."—Chicago News.

TRAIN ETIQUETTE.

The train [illegible] has the conductor alone.

"Quarter! Quarter!" he shouted.

And a lot of [illegible] rewarded the lessee of the [illegible]. The Pullman porter is the only person on this train who has any right to demand a quarter."—Kennebec (Me.) Journal.

DOING HIS BEST.

"I'm perfectly [illegible], Mr. Jones. You haven't kept me! What would my husband say? Put yourself in his place."

"If that's what I'm trying to do."—Judge.

PEGGY COMPANY SHIPS REGULARLY

Rose Maud Property Is Showing Up Four-Ounce Ore---Lowell Shaft of Portland Operating on Three-Ounce Ore.

Special to the Gazette.

CRIPPLE CREEK, Oct. 26.—The Peggy company, operating under lease a block of the Rose Maud company, are now sending out regular shipments, the ore averaging values of two and a half to four and a half ounces to the ton.

The ore is being mined about 40 feet from the Peggy line at a depth of 300 feet. The property is being operated through the Peggy shaft, which is open, and the ore as it runs diamonds that the company are satisfied that it will be a valuable piece. The lease has been made, so it is to Colorado during the interval, but beginning for the coming year it will be the boss of the city.

Another block of the Rose Maud, the Pacific Pumping and Leasing Company is making preparations to take out a large tonnage of ore. The company is now getting the shaft in order to sink to the 500-foot level.

For the summer a few weeks ago operations were badly delayed by breaking from three to seven feet of water, which flooded the workings. The company is confident that this has been overcome by the addition of the pumping machinery recently started up. It is believed that this will result in the extension of the ore shoot that is being worked by the company.

The Rose Maud company and properties have a number of mines for the future and there is hardly a possibility of a doubt that it will become one of the largest shipping [illegible] mines.

GOOD TONNAGE COMING FROM LOWELL SHAFT

Special to the Gazette.

CRIPPLE CREEK, Oct. 26.—Operations are being pushed through the Lowell shaft of the Portland company and a considerable tonnage is being hoisted and shipped from this shaft each month, the grade of ore running anywhere from one to three ounces to the ton, and as the shaft is situated a considerable distance from the main workings of this formula property developments are being watched with considerable interest.

The Grace and Alda properties, where the company is following a good sized ore body. All the veins expect are showing good ore which helps to swell their monthly output of this fairly good-to-be-sure.

The Portland plant is without doubt the most complete plant in the district, the only drawback is the property is that the ore has to be hauled from the mine to the mill by wagon. However, even this is done by a one-horse cart, owned by the company and the cost has been reduced to a very small amount.

LOS ANGELES OUTBUYS ABOUT 100 TONS DAILY

Special to the Gazette.

CRIPPLE CREEK, Oct. 26.—Lester Mill and associates, who recently secured a lease on the Los Angeles mine, are now making a daily production of ten carloads of ore. The Florence & Cripple Creek is contract with the Gillett custom mill which recently started up in Florence there with its 125 tons daily capacity, and while the ore that is being mined only runs from $6 to $10 to the ton yet a nice profit will be realized by the lessees at the end of each month, as it is estimated that there are several hundreds of thousands of tons of this ore on the Los Angeles territory.

This low grade ore was encountered years ago by former operators and large veins are supposed to extend 500 to 600 feet from the surface. The company are standing on the lease at the present time in the neighborhood of $1,000 per month and will endeavor to keep from going behind. However, there is no doubt but what the ore will be found in paying quantities as soon as the shaft is sunk to the 500-foot level.

AGAIN PAYS LOFTUS FAMOUS HALF MOON

Special to the Gazette.

CRIPPLE CREEK, Oct. 26.—The Loftus Gold Mining company, operating a lease on the Half Moon claim, belonging to the Anaconda estate, is holding out remarkably well.

The miners who encountered the ore in a winze sunk from the first level are now breaking the ore five feet in width, all of which returns values of two ounces to the ton.

CODOC IS PUSHING DEVELOPMENT WORK

Special to the Gazette.

CRIPPLE CREEK, Oct. 26.—The Modoc company are pushing the work of development with all possible speed, and while a regular production is being sent out by the company yet they are blocking out more ore for the future than is being shipped.

PUSHING WORK ON THE VERA BEYNER CLAIM

Special to the Gazette.

CRIPPLE CREEK, Oct. 26.—Lester Brown and associates, who are operating under lease the Vera Beyner claim, located in the gulch between Beacon and Raspberry hills, are still pushing the work of sinking the shaft a new helix at a depth of 80 feet. However it will be continued to the 100-foot point, when extensive lateral work will be started as the lessees believe they will encounter the rich Lunacombe ore which has given up such fabulous riches by the C. K. & N., El Paso, Old Gold and Henry Abbey properties.

PUFFER CLAIM IS HOLDING OUT WELL

Special to the Gazette.

CRIPPLE CREEK, Oct. 26.—The recent strike made by Peterson and associates, who are operating under lease the Puffer claim, belonging to the Anaconda estate, is holding out remarkably well.

The miners who encountered the ore in a winze sunk from the first level are now breaking the ore five feet in width, all of which returns values of two ounces to the ton.

CODOC IS PUSHING DEVELOPMENT WORK

Special to the Gazette.

CRIPPLE CREEK, Oct. 26.—The Modoc company are pushing the work of development with all possible speed, and while a regular production is being sent out by the company yet they are blocking out more ore for the future than is being shipped.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

The market on Thursday was generally weak, the feature stocks being in the mines list with Elsinore and El Paso as leaders.

One County Surveyor.
One County Coroner.
One County Commissioner, Second Commissioner's District.
One County Commissioner, Third Commissioner's District.
Two Justices of the Peace for each Justice Precinct.
Two Constables for each Justice Precinct.

Notice is also hereby given that at the General Election to be held on the Eighth day of November, A. D. 1904, there will be submitted to the qualified electors of the State of Colorado the question of amending the Constitution of the State by adding thereto a new section to be known as section five (5) of article six (VI) and repealing section five (5) of article six (VI) of the Constitution of the State of Colorado, which said proposed amendments are in words and figures as follows, to-wit:

(S. B. No. 1, by Senator Teeters.)
AN ACT

TO SUBMIT TO THE QUALIFIED ELECTORS OF THE STATE OF COLORADO AMENDMENTS TO SECTIONS FIVE (5), SIX (6), SEVEN (7) AND EIGHT (8) OF ARTICLE SIX (VI) OF THE CONSTITUTION OF THE STATE OF COLORADO, CONCERNING THE SUPREME COURT.

Be it Enacted by the General Assembly of the State of Colorado:

Section 1. There shall be submitted to the electors of the State of Colorado, at the next general election for members of the general assembly, for their approval or rejection, the following amendments to the constitution of the state of Colorado, which, when ratified by a majority of those voting thereon, shall be valid as a part of the constitution, viz: That section five (5) of article six (VI) of the constitution of the state of Colorado shall be amended to read as follows:

Sec. 5. The supreme court shall consist of seven judges, who may sit en banc or in two or more departments as the court may from time to time direct. The concurrence of four judges shall be necessary to the decision of any case by the court en banc, and the concurrence of three judges shall be necessary to the decision of any case by any department. The chief justice shall assign the judges to their several departments, and from time to time may change such assignments as he may deem proper. The [illegible] of the supreme court shall be [illegible] provided by law, subject to the general control of the court sitting en banc, and shall have such supervision as the court may deem necessary, but no decision of any department shall become the judgment of the court unless concurred in by a majority of the judges; and no case involving the construction of the constitution of this state or of the United States, shall be decided except by the court en banc.

Sec. 6. Section six (6) of article six (VI) of the constitution of the state of Colorado shall be amended to read as follows:

Sec. 6. The judges of the supreme court, except as herein provided, shall be elected by the electors of the state at large.

Sec. 7. Section seven (7) of said article six (VI) of the constitution of the state of Colorado shall be amended to read as follows:

Sec. 7. The term of office of the judges of the supreme court hereafter elected shall be ten years, except that those first elected under this amendment shall classify themselves by lot so that one of them shall go out of office every two years. The judge of the supreme court having the shortest time to serve shall be chief justice, and in case two or more judges have the same length of time to serve, they shall determine by lot which of them shall be chief justice. Any vacancy occurring in the office of judge of the supreme court shall be filled by appointment by the governor until a successor is elected and qualified. Such successor shall be elected at the next general election occurring more than thirty days after the vacancy shall have happened, and shall hold office for the remainder of the unexpired term.

Sec. 8. At the general election in the year 1906, and every tenth year thereafter, there shall be elected one judge of the supreme court.

At the general election in the year 1908, and every tenth year thereafter, there shall be elected one judge of the supreme court.

Provided, that if said court of [illegible] shall at the time of the going into effect of this amendment, be [illegible] any three judges, the successor shall be elected and qualified at the general election in the year 1906, and every tenth year thereafter.

Provided also, that nothing herein contained shall in any manner affect the appointment or election of any judge of the supreme court whose term of office will expire by reason of the provisions of section 5 of article VI of the constitution as it now stands, but the vacancy occurring by reason of the expiration of the term of any such judge shall be filled as provided by law.

Sec. 9. This act shall be submitted to the electors of the state of Colorado at the general election to be held on the Tuesday next after the first Monday in November, A. D. 1904, and the ballots to be used at said election shall contain a brief statement of the proposed amendments to be submitted, which statement shall be approved by the secretary of state, and shall be printed on the ballots in such form as he may direct.

Approved March 31, A. D. 1903.

Smart Tailored Suits and Costumes Extraordinarily Reduced in Price.

Again we are compelled to demonstrate our reason for always having nothing but up-to-date ready-made clothes each season. It is true a certain number of garments must be carried from one season to the beginning of another. That is as long as they last here. We don't show these as up-to-the minute styles, nor do we expect their true value. So it is in modern merchandising. And for the fulfillment of this categorical principle of ours, it is necessary that we make the following prices.

The styles are those of last Summer and early Fall. The fabrics however, are weaves of the present season, such as cheviots, serges, novelties, Scotch mixtures, etamine, broadcloth, etc. With but a few slight alterations their styles can be made as new as the Fall modes.

Tailored suits, well made and prettily trimmed, selling regularly for $15, $18.50, $22.50 and $24, on sale while they last, for

$8.50

Beautiful suits of fine materials, handsomely trimmed and can easily be made in the new styles. The regular prices are $40, $42.50, $45, $47.50, $50, $55 and $60, on sale now for

$20

Tailored suits of fine materials, made by the best tailors in the country, and can be made new with but a very few alterations. These are neatly trimmed and sell regularly for $29, $29.50, $31.50, $32.50, $33, $34, $35, $37.50 and $38. Your unrestricted choice, while they last, for only

$14

Taffeta Silks, 65c yard

The 3-A Colored Taffetas—There's all shades and it is guaranteed to give satisfaction. These silks are the kind sold elsewhere for 85c and 1c a yard. It's not necessary to go into detail as we believe the majority know of this famous 3-A quality.

Everyone who have used these silks are high in their praise. We want you to more thoroughly understand the silk superiority of this house and we know of no better way than for you to make a thorough inspection.

Antheia Silk Lining, 58c

Resembles taffeta, but wears better. It is guaranteed for three seasons, can't tear. 19 inches wide and comes in all colors.
